DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Carboni (French patent 2,482,540).

The patent to Carboni discloses the invention as is claimed, including a transparent wiper blade (3) made of silicone rubber (page 6) and a transparent wiper arm (5) made of polycarbonate (page 8). The components are made transparent to reduce interference with driver vision.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
